**Authorization Code Notice**  
A Siemens Business

Please do not reply to this message. It was sent from an unattended mailbox.

SAVE THIS EMAIL FOR REFERENCE

**This notification is the result of your recent order.**

Thank you for your software license purchase. This email tells you **how to download the authorization codes to run your software**. You may receive separate emails with your SupportNet login and /or directions on how to download your software.

**HOW TO DOWNLOAD YOUR AUTHORIZATION CODES**

1. Go to Support Center to [Download Authorization Codes](#).
2. Log in with your normal Support Center User Name and Password\*
  - o If you are new to Support Center, use the login from the recent email titled "Support Center Registration Confirmation".
  - o If you do not have a Support Center login or the recent email, please contact your [local Support Center](#).
3. Click on the button titled **"Get Authorization Codes"**.
4. Follow instructions on the screens to provide any additional information needed.
5. Select the option for how you would like your Authorization Codes packaged.
6. On the final screen, copy and paste the Authorization Code file OR download the file and save it.
7. For more information about these authorization codes and how to install them, please [visit Support Center](#).

Authorization Code File

The authorization code file contains authorization codes that were recently requested for you. You may either copy and paste this authorization code file or save it as a downloaded file.

```
# The continents are defined as:
#
#   North America      South America      Europe/Middle East
#   Australia          Asia including India  Africa
#
# The geographic limit is designated in each authorization code by the following:
# vendor_info=country
# vendor_info=cont1
# vendor_info=cont2
# vendor_info=global
#
# Please check with your System Administrator or Purchasing Department
# to be certain which sites are eligible to use the authorization codes.
