Representation Letter

The entities that are required to be included in the combined financial statements of OTSUKA INFORMATION TECHNOLOGY CORP. as of and for the year ended December 31, 2025 under the Criteria Governing the Preparation of Affiliation Reports, Consolidated Business Reports, and Consolidated Financial Statements of Affiliated Enterprises are the same as those included in the consolidated financial statements prepared in conformity with International Financial Reporting Standards No. 10 “ Consolidated Financial Statements” endorsed by the Financial Supervisory Commission of the Republic of China. In addition, the information required to be disclosed in the combined financial statements is included in the consolidated financial statements. Consequently, OTSUKA INFORMATION TECHNOLOGY CORP. and Subsidiaries do not prepare a separate set of combined financial statements.

Company name: OTSUKA INFORMATION TECHNOLOGY CORP.

Chairman: Tsurumi Hironobu

Date: February 24, 2026

Independent Auditors' Report

To the Board of Directors of OTSUKA INFORMATION TECHNOLOGY CORP.:

Opinion

We have audited the consolidated financial statements of OTSUKA INFORMATION TECHNOLOGY CORP. and its subsidiaries ("the Group"), which comprise the consolidated balance sheet as of December 31, 2025 and 2024, the consolidated statement of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years ended December 31, 2025 and 2024 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IASs"), interpretation as well as related guidance endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In our professional judgments, key audit matters to be communicated in the independent auditors' report are listed below:

Evaluation of inventories

Please refer to note 4(h) for the accounting policy for "Inventories", note 5 for "Significant accounting assumptions and judgments, and major sources of estimation uncertainty", and note 6(d) for the details and related expenses for "Inventories" of the consolidated financial statements.

Description of key audit matter:

The Group's inventories are measured at the lower of cost and net realizable value. Due to the rapid transformation of technology, the products may be out of date in the market, and there is a risk that the cost of the inventory would be higher than its net realizable value. The condition of inventories to be sold will influence the result of evaluation, so consistent attention are required. In addition, the inventories are the significant account in the consolidated financial statement. Therefore, evaluation of inventories is one of the key audit matters for our audit.

How the matter was addressed in our audit:

Our principal audit procedures included: understanding the policies of evaluating the allowance and obsolescence of the inventories of the Group and inspecting whether existing inventory policies are applied; sampling the individual inventory items and examining the sources of the net realizable value of the samples to access whether the net realizable value are reasonable; examining the accuracy of aging of inventories by sampling and analyzing the changes of the aging of inventories; inspecting the reasonableness for allowance provided on inventory valuation in the past and compare it to the current year to ensure that the measurements and assumptions are appropriate.

Other Matter

Otsuka Information Technology Corp. has prepared its parent-company-only financial statements as of and for the years ended December 31, 2025 and 2024, on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRSs, IASs, endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are SHYH-GANG HORNG and CHUN-WEI CHUANG.

KPMG

Taipei, Taiwan (Republic of China)

Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' audit report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' audit report and consolidated financial statements, the Chinese version shall prevail.

(English Translation of Consolidated Financial Statements Originally Issued in Chinese)
OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES

Notes to the Consolidated Financial Statements

For the years ended December 31, 2025 and 2024

(Expressed in Thousands of New Taiwan Dollars, Unless Otherwise Specified)

(1) Company history

OTSUKA INFORMATION TECHNOLOGY CORP. (“ the Company”) was incorporated on August 4, 1995 in accordance with the Company Act. The Investment Commission, Ministry of Economic Affairs permits the foreign stockholders to invest the Company in accordance with the Statute for Investment by Foreign Nationals. The address of the Company’s registered office is 6F., No. 68, Sec. 2, Sianmin Blvd., Banqiao Dist., New Taipei City. The Company and subsidiaries (together referred to as “ the Group”) engages in the designing of network, trading, maintenance, import and export of hardware, software, computers, and related accessories, as well as providing measurement service for electronic components.

The Company’s common shares were listed on the Taipei Exchange (“TPEX”) on October 23, 2008.

(2) Approval date and procedures of the consolidated financial statements:

The consolidated financial statements were authorized for issuance by the Board of Directors on February 24, 2026.

(3) New standards, amendments and interpretations adopted:

- (a) The impact of the International Financial Reporting Standards (“ IFRS Accounting Standards”) endorsed by the Financial Supervisory Commission, R.O.C. (“ FSC”) which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2025:

- Amendments to IAS21 “Lack of Exchangeability”
- Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments” regarding the application guidance requirements for Section 4.1 of IFRS 9 and the related disclosure requirements of IFRS 7

- (b) The impact of IFRS Accounting Standards issued by the FSC but not yet effective

The Group assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2026, would not have a significant impact on its consolidated financial statements:

- Amendments to IFRS 17 “ Insurance Contracts” and IFRS 17
- Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments”
- Annual Improvements to IFRS Accounting Standards
- Amendments to IFRS 9 and IFRS 7 “Contracts Referencing Nature-dependent Electricity”

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

- (c) The impact of IFRS Accounting Standards issued by International Accounting Standards Board (“IASB”) but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the IASB, but have yet to be endorsed by the FSC:

Standards or Interpretations	Content of amendment	Effective date per IASB
IFRS 18 “Presentation and Disclosure in Financial Statements”	The new standard introduces three categories of income and expenses, two income statement subtotals and one single note on management performance measures. The three amendments, combined with enhanced guidance on how to disaggregate information, set the stage for better and more consistent information for users, and will affect all the entities. • A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined ‘operating profit’ subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company’s main business activities. • Management performance measures (MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards. • Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes.	January 1, 2027 NOTE: On September 25, 2025, the FSC issued a press release announcing that Taiwan will adopt IFRS 18 beginning in 2028. Entities that need to adopt the new standard earlier may do with the endorsement of the FSC.

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The Group is evaluating the impact on its consolidated financial position and consolidated financial performance upon the initial adoption of the abovementioned standards or interpretations. The results thereof will be disclosed when the Group completes its evaluation.

The Group does not expect the following other new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture”
- IFRS 19 “Subsidiaries without Public Accountability: Disclosures” and IFRS 19
- Amendments to IAS 21, “Translation to a Hyperinflationary Presentation Currency”

(4) Summary of material accounting policies:

The material accounting policies presented in the consolidated financial statements are summarized below. Except for those specifically indicated, the following accounting policies were applied consistently throughout the periods presented in the consolidated financial statements.

(a) Statement of compliance

These consolidated annual financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers (“the Regulations”) and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations and SIC Interpretations endorsed and issued into effect by the FSC (“the IFRSs endorsed by the FSC”).

(b) Basis of preparation

(i) Basis of measurement

Except the defined benefit liabilities (assets) are recognized as plan assets less the present value of the defined benefit obligation, the consolidated financial statements have been prepared on a historical cost basis.

(ii) Functional and presentation currency

The functional currency of each Group entity is determined based on the primary economic environment in which the entity operates. The consolidated financial statements are presented in New Taiwan dollars, which is the Company’s functional currency. All financial information presented in New Taiwan dollars has been rounded to the nearest thousand.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(c) Basis of consolidation

(i) Principles of preparation of the consolidated financial statements

The consolidated financial statements comprise the Company and subsidiaries. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its control over the entity.

The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. Intragroup balances and transactions, and any unrealized income and expenses arising from intragroup transactions are eliminated in preparing the consolidated financial statements. Profit or loss applicable to the non controlling interests in a subsidiary are allocated to the non controlling interests even if doing so causes the non controlling interests to have a deficit balance.

Accounting policies of its subsidiaries have been adjusted to ensure consistency with the policies adopted by the Group.

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any differences between the Group's share of net assets before and after the change and any consideration received or paid are adjusted to equity attributable to stockholders of the Company.

(ii) List of subsidiaries in the consolidated financial statements.

The details of subsidiaries included in the consolidated financial statements are as below:

Name of investor	Name of subsidiary	Principal activities	Percentage of shareholding		Description
			December 31, 2025	December 31, 2024	
The Company	Otsuka Information Technology Ltd. (Otsuka)	Holding company	100 %	100 %	
The Company	EFD Corporation. (EFD)	Software Merchandising and Measurement Service	100 %	100 %	
Otsuka	Otsuka Software Trading (Dongguan) Ltd. (Otsuka Dongguan)	Software Merchandising	100 %	100 %	
Otsuka	OITC Information Technology (Shanghai) Ltd. (OITC)	Software Merchandising	100 %	100 %	

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(d) Foreign currencies

(i) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of the Group entities at the exchange rates at the dates of the transactions. At the end of each subsequent reporting period (“reporting date”), monetary items denominated in foreign currencies are translated into functional currencies using the exchange rate at that date. Non-monetary items denominated in foreign currencies that are measured at fair value are translated into functional currencies using the exchange rate at the date that the fair value was determined. Non-monetary items denominated in foreign currencies that are measured based on historical cost are translated using the exchange rate at the date of the transaction.

Exchange differences are generally recognized in profit or loss, except for those differences relating to the following, which are recognized in other comprehensive income:

- 1) an investment in equity securities designated as at fair value through other comprehensive income;
- 2) a financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective; or
- 3) qualifying cash flow hedges to the extent that the hedges are effective.

(ii) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into the presentation currency at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into the presentation currency at the average exchange rate. Foreign currency differences are recognized in other comprehensive income.

When a foreign operation is disposed of such that control, significant influence, or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to noncontrolling interests. When the Group disposes of only part of its investment in an associate or joint venture that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, Exchange differences arising from such a monetary item that are considered to form part of the net investment in the foreign operation are recognized in other comprehensive income.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(e) Classification of current and non current assets and liabilities

An asset is classified as current under one of the following criteria, and all other assets are classified as non-current.

- (i) It is expected to be realized, or intended to be sold or consumed, in the normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is expected to be realized within twelve months after the reporting period; or
- (iv) The asset is cash or a cash equivalent (as defined in IAS7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current under one of the following criteria, and all other liabilities are classified as non-current.

- (i) It is expected to be settled in the normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is due to be settled within twelve months after the reporting period; or
- (iv) The Group does not have the right at the end of the reporting period to defer settlement of the liability for at least twelve months after the reporting period.

(f) Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. Time deposits which meet the above definition and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes should be recognized as cash equivalents.

(g) Financial instruments

Account receivables are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Group becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(i) Financial assets

All regular way purchases or sales of financial assets classified as the same categories are recognized and derecognized on a trade date basis.

On initial recognition, a financial asset is classified as measured at amortized cost and FVTPL. Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

1) Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are subsequently measured at amortized cost, which is the amount at which the financial asset is measured at initial recognition, plus/minus, the cumulative amortization using the effective interest method, adjusted for any loss allowance. Interest income, foreign exchange gains and losses, as well as impairment, are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.

2) Impairment of financial assets

The Group recognizes loss allowances for expected credit losses (“ ECL”) on financial assets measured at amortized cost (including cash and cash equivalents, financial assets measured at amortized costs, notes and account receivables, other receivables, guarantee deposit paid and other financial assets, etc.).

The Group measures loss allowances at an amount equal to lifetime ECL, except for the following which are measured as 12-month ECL:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowance for accounts receivables are always measured at an amount equal to lifetime ECL.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

12 month ECLs are the portion of ECLs that result from default events that are possible within the 12 month after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Group's historical experience and informed credit assessment as well as forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 60 days past due.

The Group considers a financial asset to be in default when the financial asset is more than 1 year past due.

ECLs are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

At each reporting date, the Group assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial assets is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than one year past due;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering the financial asset in its entirety or a portion thereof. The Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

3) Derecognition of financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group enters into transactions whereby it transfers assets recognized in its statement of balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognized.

(ii) Financial liabilities and equity instruments

1) Classification of debt or equity

Debt and equity instruments issued by the Group are classified as financial liabilities or equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2) Equity instrument

An equity instrument is any contract that evidences residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued are recognized as the amount of consideration received, less the direct cost of issuing.

3) Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

4) Derecognition of financial liabilities

The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognized at fair value.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

On derecognition of a financial liability, the difference between the carrying amount of a financial liability extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

5) Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount presented in the statement of balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(h) Inventories

Inventories are measured at the lower of cost and net realizable value. The cost of inventories is based on the weighted-average-method and includes expenditure and other costs incurred in bringing them to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

(i) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and any accumulated impairment losses.

If significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iii) Depreciation

Depreciation is calculated on the cost of an asset less its residual value and is recognized in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment.

Land is not depreciated.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The estimated useful lives of property, plant and equipment for current and comparative periods are as follows:

- 1) Buildings: 10~50 years
- 2) Computers: 3 ~6 years
- 3) Office equipment: 1 ~ 5 years
- 4) Transportation equipment: 5 ~ 10 years
- 5) Machinery equipment: 6 years

Depreciation methods, useful lives and residual values are reviewed at annual reporting date and adjusted if appropriate.

(j) Lease

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(i) As a lessee

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be reliably determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- payments for purchase or termination options that are reasonably certain to be exercised or penalty should be paid.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when:

- there is a change in future lease payments arising from the change in an index or rate; or
- there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee; or
- there is a change of its assessment on purchase option, or
- there is a change of its assessment on whether it will exercise a extension or termination option; or
- there is any lease modifications

When the lease liability is remeasured, other than lease modifications, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or in profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

When the lease liability is remeasured to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease, the Group accounts for the remeasurement of the lease liability by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognize in profit or loss any gain or loss relating to the partial or full termination of the lease.

The Group presents right-of-use assets and lease liabilities that do not meet the definition of investment properties as a separate line item in the balance sheet.

The Group has elected not to recognize right-of-use assets and lease liabilities for leases of parking lots that have short-term lease and leases of low-value asset. The Group recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(k) Intangible assets

(i) Recognition and measurement

Goodwill arising on the acquisition of subsidiaries is measured at cost, less accumulated impairment losses.

Other intangible assets, including computer software, customer relationships, company symbol, that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortization and any accumulated impairment losses.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in profit or loss as incurred.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(iii) Amortization

Amortization is calculated over the cost of the asset, less its residual value, and is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets other than goodwill, from the date that they are available for use.

The estimated useful lives for current and comparative periods are as follows:

Customer relationships	10 years
Company symbol	10 years
Computer Software	1~10 years
Trademark	10 years

Amortization methods, useful lives and residual values are reviewed at annual reporting date and adjusted if appropriate.

(l) Impairment — non-financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units (CGUs). Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognized in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(m) Revenue

(i) Revenue from contracts with customers

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring goods or services to a customer. The Group recognizes revenue when it satisfies a performance obligation by transferring control of a good or a service to a customer. The accounting policies for the Group's main types of revenue are explained below:

1) Sale of goods

The Group purchases and sells software products in the market and recognizes revenue as well as receivable when the goods are delivered as this is the point in time that the Group has a right to an amount of consideration that is unconditional.

2) Rendering of services

The Group provides services such as installation of software, connection of systems and training. The related revenues are recognized when the Group has provided all services and has submitted the invoices to the customers.

Some contracts include multiple deliverables, such as software, installation of software, and training. In most cases, the installation is simple, does not include an integration service and could be performed by another party. It is therefore accounted for as a separate performance obligation.

3) Financing components

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money. If it is more than one year, the transaction price would be adjusted during the period to reflect the impact of the time value of money in accordance with.

(n) Government grants

Grants that compensate the Group for expenses or losses incurred are recognized in profit or loss on a systematic basis in the periods in which the expenses or losses are recognized.

(o) Employee benefits

(i) Defined contribution plans

Obligations for contributions to defined contribution plans are expensed as the related service is provided.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(ii) Defined benefit plans

The Group's net obligation in respect of defined benefit plans is calculated separately for each the plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability (assets), which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income, and accumulated in retained earnings within equity. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in profit or loss. The Group recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

(iii) Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(p) Income taxes

Income taxes comprise current taxes and deferred taxes. Except for expenses related to business combinations or recognized directly in equity or other comprehensive income, all current and deferred taxes are recognized in profit or loss.

Current taxes comprise the expected tax payables or receivables on the taxable profits (losses) for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payables or receivables are the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Deferred taxes arise due to temporary differences between the carrying amounts of assets and liabilities at the reporting date and their respective tax bases. Deferred taxes are recognized except for the following:

- (i) temporary differences on the initial recognition of assets and liabilities in a transaction that is not a business combination and at the time of the transaction affects neither accounting nor taxable profits (losses) and does not give rise to equal taxable and deductible temporary differences;
- (ii) temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- (iii) taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized for the carry forward of unused tax losses, unused tax credits, and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date, and are reduced to the extent that it is no longer probable that the related tax benefits will be realized; such reductions are reversed when the probability of future taxable profits improves.

Deferred taxes are measured at tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if the following criteria are met:

- (i) the Group has a legally enforceable right to set off current tax assets against current tax liabilities; and
- (ii) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either:
 - 1) the same taxable entity; or
 - 2) different taxable entities which intend to settle current tax assets and liabilities on a net basis, or to realize the assets and liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

All acquisition-related transaction costs are expensed as incurred, except for the issuance of debt or equity instruments.

(q) Earnings per share

The Group discloses the basic and diluted earnings per share attributable to ordinary stockholders of the Company. The basic earnings per share are calculated as the profit attributable to the ordinary stockholders of the Company divided by the weighted average number of ordinary shares outstanding. The diluted earnings per share are calculated as the profit attributable to ordinary stockholders of the Company divided by the weighted average number of ordinary shares outstanding after adjustment for the effects of all dilutive potential ordinary shares. Dilutive potential ordinary shares comprise employee remuneration.

(r) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group). Operating results of the operating segment are regularly reviewed by the Group's chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Each operating segment consists of standalone financial information.

(5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty:

In preparing these consolidated financial statements, management has made judgments and estimates about the future, including climate-related risks and opportunities, that affect the application of the accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis and are consistent with the Group's risk management and climate-related commitments where appropriate. Revisions to estimates are recognized prospectively in the period of the change and future periods.

There are no critical judgements made in applying accounting policies that have significant effect on amounts recognized in the consolidated financial statements.

Valuation of inventory

As inventories are measured at the lower of cost or net realizable value, the Group estimates the amount due to inventories' obsolescence and unmarketable items at the reporting date and then writes down the cost of inventories to net realizable value. The net realizable value of the inventory is mainly determined based on assumptions as to future demand within a specific time horizon. Due to the rapid industrial transformation, there may be significant changes in the net realizable value of inventories.

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(6) Explanation of significant accounts:

(a) Cash and cash equivalents

	December 31, 2025	December 31, 2024
Cash	\$ 363	355
Checking and demand deposits	612,719	575,932
Time deposits	<u>96,466</u>	<u>86,109</u>
	<u>\$ 709,548</u>	<u>662,396</u>

(b) Financial assets measured at amortized cost—non-current

	December 31, 2025	December 31, 2024
Financial bond - Current	\$ 20,000	-
Financial bond - Non-current	<u>10,000</u>	<u>30,000</u>
	<u>\$ 30,000</u>	<u>30,000</u>

The Group has assessed that these financial assets are held to maturity to collect contractual cash flows, which consist solely of payments of principal and interest on principal amount outstanding. Therefore, these investments were classified as financial assets measured at amortized cost.

- (i) The Group purchased the seven-year bonds of Bank of Panhsin in June 2019. The face value of the bond was \$20,000 thousand and its effective interest rate was 2.25%.
- (ii) The Group purchased the seven-year bonds of Bank of Panhsin in June 2021. The face value of the bond was \$10,000 thousand and its effective interest rate was 1.5%.
- (iii) As of December 31, 2025 and 2024, the Group did not provide any of the aforementioned bond as collateral.

(c) Notes and accounts receivable (including related parties)

	December 31, 2025	December 31, 2024
Notes receivable	\$ 16,768	22,186
Accounts receivable	381,839	386,959
Accounts receivable—related parties	<u>245</u>	<u>354</u>
	398,852	409,499
Less: allowance for doubtful accounts	(3,485)	(1,127)
Long-term notes and accounts receivable, net	<u>(6,436)</u>	<u>(19,052)</u>
	<u>\$ 388,931</u>	<u>389,320</u>

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

- (i) The Group did not provide any of the aforementioned notes and accounts receivable as collateral. The aforementioned notes and accounts receivable were not discounted because the due dates were less than a year. The book value is assumed to approximate the fair value.
- (ii) A maturity analysis of notes and accounts receivable from the installment sales was expected to be recovered after the reporting date as follows:

	December 31, 2025	December 31, 2024
Less than a year	\$ 25,487	22,149
One to two years	6,436	19,052
	<u>\$ 31,923</u>	<u>41,201</u>

The aforementioned receivables were expected to be promptly recovered after the reporting date.

- (iii) The Group applies the simplified approach to provide for its ECL, the use of lifetime ECL provision for all notes and accounts receivables (including long-term and related parties). To measure the ECL, notes and accounts receivable have been grouped based on shared credit risk characteristics and customer' s ability to pay all the amounts due based on the terms of the contract as well as incorporated forward looking information, including macroeconomic and relevant industry information. The ECL allowance provision analysis was as follows:

	December 31, 2025		
	Carrying amounts of notes and accounts receivable (including long- term and related parties)	Lifetime weighted- average ECL rate	Loss allowance provision of lifetime ECL
Current	\$ 355,703	0.00%	-
Past due 1 to 60 days	33,254	0.73%	242
Past due 61 to 210 days	7,264	8.43%	612
Past due 211 to 270 days	-	0.00%	-
Past due 271 to 360 days	-	0.00%	-
More than 361 days past due	<u>2,631</u>	100%	<u>2,631</u>
	<u>\$ 398,852</u>		<u>3,485</u>

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

	December 31, 2024		
	Carrying amounts of notes and accounts receivable (including long- term and related parties)	Lifetime weighted- average ECL rate	Loss allowance provision of lifetime ECL
Current	\$ 381,676	0.00%	-
Past due 1 to 60 days	23,990	0.80%	192
Past due 61 to 210 days	3,498	17.15%	600
Past due 211 to 270 days	-	0.00%	-
Past due 271 to 360 days	-	0.00%	-
More than 361 days past due	<u>335</u>	100%	<u>335</u>
	<u>\$ 409,499</u>		<u>1,127</u>

(iv) The movements in the allowance for notes and accounts receivable were as follows:

	2025	2024
Balance on January 1	\$ 1,127	478
Recognition of expected credit loss	2,436	707
Amounts written off	(80)	(59)
Effect of changes in exchange rates	<u>2</u>	<u>1</u>
Balance on December 31	<u>\$ 3,485</u>	<u>1,127</u>

(d) Inventories

	December 31, 2025	December 31, 2024
Software	\$ 251,262	336,920
Hardware	<u>7,053</u>	<u>795</u>
	<u>\$ 258,315</u>	<u>337,715</u>

(i) Except for the costs of inventories that have been sold, the Group recognized the following items as cost of goods sold:

	2025	2024
Losses (Gains) on obsolete inventories and inventory valuation	\$ (111)	1
Loss on disposal of inventories	<u>25</u>	<u>197</u>
Total	<u>\$ (86)</u>	<u>198</u>

(ii) As of December 31, 2025 and 2024, the Group did not provide any of the aforementioned inventories as collateral.

Balance on January 1, 2024	<u>\$ 14,181</u>	<u>7,464</u>	<u>14,294</u>	<u>95</u>	<u>36,034</u>

As of December 31, 2025 and 2024, the Group did not provide any of the aforementioned assets as collateral.

(i) Short-term borrowings

The short-term borrowings were summarized as follows:

	December 31, 2025	December 31, 2024
Unsecured bank loans	<u>\$ -</u>	<u>-</u>
Unused short-term credit lines	<u>\$ 350,000</u>	<u>400,000</u>

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(j) Lease liabilities

Lease liabilities of the Group were as follows:

	December 31, 2025	December 31, 2024
Current	<u>\$ 15,930</u>	<u>15,420</u>
Non-current	<u>\$ 16,804</u>	<u>32,354</u>

For the maturities analysis, please refer to note 6(r).

The amounts recognized in profit or loss were as follows:

	2025	2024
Interest on lease liabilities	<u>\$ 827</u>	<u>1,016</u>
Expenses relating to short-term leases and leases of low-value assets	<u>\$ 5,930</u>	<u>6,129</u>

The amounts recognized in the statement of cash flows for the Group were as follows:

	2025	2024
Rental paid in operating activities	\$ (5,930)	(6,129)
Interest on lease liabilities paid in operating activities	(827)	(1,016)
Payment made on lease liabilities in financing activities	<u>(16,615)</u>	<u>(16,295)</u>
Total cash outflow for leases	<u>\$ (23,372)</u>	<u>(23,440)</u>

(i) Real estate leases

The Group leases buildings for its office space and warehouse. The leases of office space typically run for a period of 2 to 6 years, and of warehouse for 3 years.

(ii) Other leases

The Group leases vehicles and equipment, with lease terms of three years.

(iii) The Group leases some equipment with contract terms of one to six years. These leases are short-term and/or leases of low-value items. The Group has elected not to recognize right-of-use assets and lease liabilities for these leases.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(k) Employee benefits

(i) Defined benefit plans

The present value of the defined benefit obligations and fair value adjustment of plan assets of the Group were as follows:

	December 31, 2025	December 31, 2024
Present value of defined benefit obligations	\$ 33,351	30,695
Fair value of plan assets	<u>45,442</u>	<u>39,682</u>
Net defined benefit asset	<u>\$ (12,091)</u>	<u>(8,987)</u>

The Group makes defined benefit plan contributions to the pension fund account with Bank of Taiwan that provides pensions for employees upon retirement. The plans (covered by the Labor Standards Law) entitle a retired employee to receive payments based on years of service and average salary for the six months prior to retirement.

1) Composition of plan assets

The Group contributes pension funds in accordance with the Regulations for Revenues, Expenditures, Safeguard and Utilization of the Labor Retirement Fund, and such funds are managed by the Bureau of Labor Funds, Ministry of Labor. With regard to the utilization of the funds, minimum earnings shall be no less than the earnings attainable from two year time deposits with interest rates offered by local banks.

The Group's Bank of Taiwan labor pension reserve account balance amounted to \$45,442 thousand at the end of the reporting period. For information on the utilization of the labor pension fund assets, including the asset allocation and yield of the fund, please refer to the website of the Bureau of Labor Funds, Ministry of Labor.

2) Movements in present value of defined benefit obligations

The movements in present value of defined benefit obligations for the Group were as follows:

	2025	2024
Defined benefit obligation on January 1	\$ 30,695	29,543
Current service costs and interest expense	633	619
Remeasurement of net defined liability expense — Actuarial gain arising from experience adjustments	<u>2,023</u>	<u>533</u>
Defined benefit obligation on December 31	<u>\$ 33,351</u>	<u>30,695</u>

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

3) Movements in the fair value of plan assets

The movements in the fair value of plan assets for the Group were as follows:

	2025	2024
Fair value of plan assets on January 1	\$ 39,682	34,041
Contributions paid by the employer	2,436	2,263
Interest income	619	534
Remeasurement of net defined asset		
— Return on plan assets (excluding interest income)	2,705	2,844
Fair value of plan assets on December 31	<u><u>\$ 45,442</u></u>	<u><u>39,682</u></u>

4) Expenses recognized in profit or loss

The expenses recognized in profit or loss for the Group were as follows:

	2025	2024
Current service costs	\$ 173	176
Net interest of net liabilities (asset) for defined benefit	(159)	(91)
	<u><u>\$ 14</u></u>	<u><u>85</u></u>
Selling expenses	\$ 8	59
Administrative expenses	2	14
Research and development expenses	4	12
	<u><u>\$ 14</u></u>	<u><u>85</u></u>

5) Remeasurement of the net defined benefit asset recognized in other comprehensive income

As of December 31, 2025 and 2024, the Group's remeasurement of the net defined benefit asset recognized in other comprehensive income were as follows:

	2025	2024
Cumulated amount on January 1	\$ (3,112)	(802)
Recognized during the period	(682)	(2,310)
Cumulated amount on December 31	<u><u>\$ (3,794)</u></u>	<u><u>(3,112)</u></u>

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

6) Actuarial assumptions

The following are the Group's principal actuarial assumptions:

	<u>2025</u>	<u>2024</u>
Discount rate	1.50 %	1.50 %
Future salary increase rate	4.00 %	4.00 %

The expected allocation payment to be made by the Group to the defined benefit plans for the one year period after the reporting date was \$3,701 thousand.

The weighted average duration of the defined benefit plans is 5.2 years.

7) Sensitivity analysis

If the actuarial assumptions had changed, the impact on the present value of the defined benefit obligations as of December 31, 2025 and 2024, would have been as follows:

	Influence of defined benefit obligations	
	<u>Increased 0.25%</u>	<u>Decreased 0.25%</u>
Discount rate:		
December 31, 2025	<u>\$ (689)</u>	<u>715</u>
December 31, 2024	<u>\$ (686)</u>	<u>712</u>
	Influence of defined benefit obligations	
	<u>Increased 1%</u>	<u>Decreased 1%</u>
Future salary increase rate:		
December 31, 2025	<u>\$ 2,619</u>	<u>(2,360)</u>
December 31, 2024	<u>\$ 2,644</u>	<u>(2,363)</u>

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown above. Many assumption changes may affect each other in practice. The method used in the sensitivity analysis is consistent with the calculation of pension liabilities in the balance sheets.

There was no change in the method and assumptions used in the preparation of the sensitivity analysis for 2025 and 2024.

(ii) Defined contribution plans

The Company and domestic subsidiaries allocate 6% of each employee's monthly wages to the labor pension personal account at the Bureau of Labor Insurance in accordance with the provisions of the Labor Pension Act. Under this defined contribution plan, the Group allocates a fixed amount to the Bureau of Labor Insurance without additional legal or constructive obligation.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Except for the Company and domestic subsidiaries, the Group has defined contribution plans. These plans are funded in accordance with the regulations of their respective countries. Contributions to these plans are expensed as incurred without additional legal or constructive obligation.

The Group recognized pension costs under the defined contribution method amounted to \$11,878 thousand and \$11,165 thousand for the years ended December 31, 2025 and 2024, respectively.

(l) Income taxes

(i) Income tax expense

The components of income tax expenses were as follows:

	2025	2024
Current tax expense	\$ 61,399	54,763
Deferred tax expense	1,711	1,707
Income tax expense	<u>\$ 63,110</u>	<u>56,470</u>

(ii) The amount of income taxes does not directly recognize in equity.

(iii) The amounts of income tax expense (benefit) recognized in other comprehensive income were as follows:

	2025	2024
Exchange differences on translation of foreign operations' financial statements	<u>\$ 209</u>	<u>1,093</u>

(iv) Reconciliation of income tax expense and profit before tax was as follows:

	2025	2024
Profit before income tax	\$ 301,610	278,357
Income tax using the Company's domestic tax rate	60,322	55,671
Effect of tax rate differential in foreign jurisdictions	342	340
Current-year losses for which no deferred tax asset was recognized	-	(417)
Investment tax credit accrued	(3,313)	(4,308)
Changes in provision in prior periods	3,204	3,166
Additional tax on undistributed earnings	2,614	2,030
Others	(59)	(12)
	<u>\$ 63,110</u>	<u>56,470</u>

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(v) Deferred tax assets and liabilities

There are no unrecognized deferred tax assets and liabilities. Changes in the amount of deferred tax assets and liabilities were as follows:

	Investment income of subsidiaries recognized under the equity method	Defined benefit obligations	Other	Total
Deferred tax liabilities:				
Balance on January 1, 2025	\$ 9,721	3,331	33	13,085

The Company	2023
EFD	2023

- (m) Capital and other equity

- (i) Capital

As of December 31, 2025 and 2024, the number of authorized ordinary shares both were 30,000 thousand shares with par value of \$10 (dollars) per share and amounted to \$300,000 thousand. As of the dates, 17,097 thousand shares of ordinary shares were issued and all issued ordinary shares were paid up upon issuance.

- (ii) Capital surplus

The balances of capital surplus were as follows:

	<u>December 31,</u> <u>2025</u>	<u>December 31,</u> <u>2024</u>
Additional paid-in capital	\$ 68,176	68,176
Employee stock options	637	637
	<u><u>\$ 68,813</u></u>	<u><u>68,813</u></u>

According to the ROC Company Act, capital surplus can only be used to offset an accumulated deficit, and then the realized capital surplus can be distributed as stock dividends or cash dividends according to the stockholders' original percentage of ownership. The aforementioned realized capital surplus includes capital surplus resulting from premium upon the issuance of capital stock and donation gains. According to the Regulations Governing the Offering and Issuance of Securities by Securities Issuers, the increase in capital by transferring the paid-in capital in excess of the par value should not exceed 10% of the total common stock outstanding.

- (iii) Retained earnings

Based on the Company's articles of incorporation, when allocating the earnings for each year, the Corporation shall first pay income taxes, and offset its prior years' deficits, if any. Of the remaining balance, 10% is to be appropriated as legal reserve, until the accumulated legal reserve has equaled the total capital of the Corporation; then set aside a special reserve in accordance with the relevant laws when necessary. The balance of the earnings shall combined into an aggregate amount of undistributed earnings, which shall become the aggregate distributable earnings to be distributed by the board of directors' distribution proposals and the resolution at the stockholders' meeting. The Company authorizes the Board of Directors to resolve, with the attendance of at least two-thirds of the directors and the approval of a majority of those present, to distribute all or part of the dividends and bonuses in cash, and to report such distribution to the shareholders' meeting.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The Company shall consider the demand for expanding the scale of corporation, cash-flow, retained earnings, flexibility of business operation, and strength of competition to distribute dividend. The dividend distributed by directors' meeting shall not be less than 20% of the net amount of the annual profit after deducting the reserve retained in accordance with the laws while cash dividend shall not be less than 10% of the distributed dividend. The rate of cash dividend could be adjusted by the stockholders' meeting in accordance with the actual profit in the year and demand of cash-flow in the future.

1) Legal reserve

When a company incurs no loss, it may, pursuant to a resolution by a stockholders' meeting, distribute its legal reserve by issuing new shares or by distributing cash to shareholders, and only the portion of the legal reserve which exceeds 25% of capital may be distributed.

2) Special reserve

In accordance with the requirements issued by the FSC, a portion of earnings shall be allocated as special reserve during earnings distribution. An equivalent amount of special reserve shall be allocated from the after tax net profit in the period, plus items other than the after-tax net profit in the period, that are included in the undistributed current period earnings and the undistributed prior period earnings. A portion of undistributed prior period earnings shall be reclassified to special earnings reserve (and does not qualify for earnings distribution) to account for cumulative changes to the net reduction of other shareholders' equity pertaining to prior periods. Amounts of subsequent reversals pertaining to the net reduction of other shareholders' equity shall qualify for additional distributions.

3) Earnings distribution

The Board of Directors resolved the distribution of earnings for 2024 on February 26, 2025 and the distribution of earnings for 2023 on March 11, 2024, respectively. As well as the stockholders' meeting resolved the distribution of earnings for 2024 on May 23, 2025 and the distribution of earnings for 2023 on June 21, 2024, respectively. The distribution was \$9.0 (dollars) and \$8.0 (dollars) per share, which amounted to \$153,873 thousand and \$136,776 thousand, respectively.

The Board of Directors resolved the distribution of earnings for 2025 on February 24, 2026. The distribution was \$9.7(dollars) per share, which amounted to \$165,841 thousand.

(n) Earnings per share

(i) Basic earnings per share

The calculation of basic earnings per share based on the profit attributable to ordinary shareholders of the Company and the weighted-average number of ordinary shares outstanding was as follows:

(Continued)

(i) For details on notes and accounts receivable (including long-term and related parties) and allowance for impairment, please refer to note 6(c).

(ii) The contract liabilities primarily relate to the advance consideration received from customers for the product sales contracts, for which revenue is recognized when products are delivered to customers. The amount of revenue recognized for the years ended December 31, 2025 and 2024, that was included in the contract liability balance at the beginning of the period was \$13,352 thousand and \$12,836 thousand, respectively.

(p) Employee compensation and directors' remuneration

On May 23, 2025, the Company resolved at the shareholders' meeting to amend its Articles of Incorporation. According to the amended Articles, more than 5% of annual profit should be appropriated as employee remuneration (including a minimum of 1% to those base-level employees). The board of directors will adopt a resolution on whether the distribution is paid in cash or stock. Qualified employees, including the employees of subsidiaries of the Company meeting certain specific requirements, are entitled to receive their remuneration specified by the board of directors. The annual profit aforementioned may also be appropriated as directors' remuneration through the board's resolution, wherein the amount should not exceed 3% of annual profit. However, if the Company has accumulated deficits, the profit should be reserved to offset the deficits. Prior to the amendment, the Articles of Incorporation stipulated that, more than 5% of annual profit should be appropriated as employee remuneration. The board of directors will adopt a resolution on whether the distribution is paid in cash or stock. Qualified employees, including the employees of subsidiaries of the Company meeting certain specific requirements, are entitled to receive their remuneration

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

specified by the board of directors. The annual profit aforementioned may also be appropriated as directors' remuneration through the board's resolution, wherein the amount should not exceed 3% of annual profit.

For the years ended December 31, 2025 and 2024, the Company estimated its employee remuneration amounting to \$15,912 thousand and \$14,784 thousand, and directors' remuneration amounting to \$4,774 thousand and \$4,435 thousand, respectively. The estimated amounts mentioned above are calculated based on the net profit before tax, excluding the remuneration to employees, directors of each period, multiplied by the percentage of remuneration to employees, directors as specified in the Company's articles. These remunerations were expensed under operating expenses during period. The amounts, as stated in the consolidated financial statements, are identical to those of the actual distributions for 2025 and 2024. Information can be accessed on the Market Observation Post System website.

(q) Non-operating income and expenses

(i) Other gains and losses

The details of other gains and losses were as follows:

	2025	2024
Government grants	\$ 560	1,525
Foreign exchange gains (losses)	(3,356)	835
Others	28	(70)
	<u>\$ (2,768)</u>	<u>2,290</u>

(ii) Finance costs

The details of finance costs were as follows:

	2025	2024
Interest expense on bank loans	\$ 3	6
Interest expense on lease liabilities	827	1,016
	<u>\$ 830</u>	<u>1,022</u>

(r) Financial instruments

(i) Credit risk

1) Exposure to credit risk

The carrying amount of financial assets represents the maximum amount exposed to credit risk. As of December 31, 2025 and 2024, the maximum amount to credit risk amounted to \$1,157,477 thousand and \$1,124,835 thousand, respectively.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

2) Concentration of credit risk

Since the Group has a lot of customers, it does not trade with single customer and market areas are diversified. The Group periodically evaluates these customers' financial position and the possibility of recovery of notes and accounts receivable to decrease credit risk, collaterals will be requested from the customers if necessary.

3) For credit risk exposure of notes and accounts receivable (including long-term), please refer to note 6(c).

4) The exposure to credit risk for the financial assets at amortized cost are measured and monitored by the Group's finance department. The Group only deals with banks with good credit rating. The Group does not expect any counterparty above fails to meet its obligations hence there is no significant credit risk arising from these counterparties.

(ii) Liquidity risk

The following table shows the contractual maturities of financial liabilities:

	Carrying amount	Contractual cash flows	Within 1 year	1-2 years	2-5 years	Over 5 years
December 31, 2025						
Accounts payable	\$ 228,680	228,680	228,680	-	-	-
Salaries payable	76,534	76,534	76,534	-	-	-
Other payables	37,043	37,043	37,043	-	-	-
Lease liabilities	32,734	33,534	16,441	12,187	4,906	-
Guarantee deposits	800	800	-	-	-	800
	\$ 375,791	376,591	358,698	12,187	4,906	800
December 31, 2024						
Accounts payable	\$ 380,796	380,796	380,796	-	-	-
Salaries payable	69,380	69,380	69,380	-	-	-
Other payables	32,943	32,943	32,943	-	-	-
Lease liabilities	47,774	49,368	16,236	16,524	16,070	538
Guarantee deposits	800	800	800	-	-	-
	\$ 531,693	533,287	500,155	16,524	16,070	538

The Group does not expect that the cash flows included in the maturity analysis could occur significantly earlier or at significantly different amounts.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(iii) Currency risk

1) Exposure to foreign currency risk

The Group's significant exposure to foreign currency risk was as follows:

	December 31, 2025			December 31, 2024		
	Foreign currency	Exchange rate	TWD	Foreign currency	Exchange rate	TWD
<u>Financial assets</u>						
Monetary items-USD \$	95	31.43	2,979	400	32.79	13,121
Monetary items-JP	2,978	0.2008	598	1,715	0.2102	361
<u>Financial liabilities</u>						
Monetary items-USD	127	31.43	3,982	151	32.79	4,941
Monetary items-JP	10,139	0.2008	2,036	4,059	0.2102	853

2) Sensitivity analysis

The Group's exposure to foreign currency risk arises from the translation of the foreign currency exchange gains and losses on cash and cash equivalents and accounts payable that are denominated in foreign currency. A weakening (strengthening) of 5% of the TWD against the foreign currency as of December 31, 2025 and 2024, would have increased or decreased the profit before tax by \$122 thousand and \$384 thousand for the years ended December 31, 2025 and 2024, respectively. The analysis is performed on the same basis for both periods.

3) Foreign exchange gain or loss on monetary items

The information on the amount of the Group's foreign exchange gain or loss on monetary items (including realized and unrealized) translated to the functional currency, and on the exchange rate translated to the functional currency of the parent company (the presentation currency), TWD, was as follows:

<u>Functional currencies</u>	2025		2024	
	Foreign exchange gain or loss	Average exchange rate	Foreign exchange gain or loss	Average exchange rate
TWD	\$ (3,359)	1	1,014	1
CNY	3	4.498	(179)	4.456
	<u>\$ (3,356)</u>		<u>835</u>	

(iv) Interest rate analysis

The Group's financial assets with floating-rate were bank deposits and there were no financial liabilities with floating-rates. The Group believes that the cash flow risk arising from the fluctuation in interest rates was not significant and the sensitivity analysis of interest rate was not required.

(s) Financial risk management

(i) Overview

The Group has exposure to the following risks arising from financial instruments:

- 1) Credit risk
- 2) Liquidity risk
- 3) Market risk

This note presents information on exposure to each of the above risks and on the objectives, policies, and processes for measuring and managing risk. For detailed information, please refer to the related notes on each risk.

(ii) Structure of risk management

The financial management department of the Group provides services for each business, including helping businesses to operate in the domestic and international financial markets, and supervising and managing the financial risks of the Group related to the operation by analyzing the internal risk report in accordance with the degree and extent of risk. Internal auditors continue to review policy compliance and risk limits.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(iii) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or a counterparty to a financial instrument fails to meet its contractual obligations, which arises principally from the Group's cash and cash equivalents; receivables; and bonds.

1) Notes, accounts and other receivables

The Group has established a credit policy and is required to transact with corporations having high credit ratings. The Group uses external credit rating systems and previous transaction records to assess the credit quality and set the credit limits for the customer. The Group constantly supervises credit exposures and credit limits of transaction partners, and controls credit exposures through setting the credit limits.

2) Investment

The exposure to credit risk for the bank deposits, fixed income investments, and other financial instruments is measured and monitored by the Group's finance department. The Group only deals with banks, other external parties, corporate organizations, government agencies and financial institutions with good credit rating. The Group does not expect any counterparty above fails to meet its obligations hence there is no significant credit risk arising from these counterparties.

(iv) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it always has sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. As of December 31, 2024 and 2025, the Group's unused credit lines amounted to \$350,000 thousand and \$400,000 thousand, respectively.

(v) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates, and equity prices, will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

1) Currency risk

The Group is exposed to currency risk on bank deposits that are denominated in a currency other than the respective functional currencies of the Group's entities. The bank deposits are denominated in USD and JPY. The Group believes the cash flow risk arising from the fluctuation in exchange rates is not significant.

2) Interest rate risk

The Group's main assets with a floating interest rate basis are bank deposits. The Group believes that cash flow risk arising from the fluctuation in interest rates is not significant.

(Continued)

OTSUKA INFORMATION TECHNOLOGY CORP. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(t) Capital Management

The Group's capital management policy is to maintain a strong capital base and appropriate debt ratio so as to maintain investor, creditor, and market confidence to sustain the future development of the business.

As of December 31, 2025 and 2024, the debt ratios were 29% and 37%, respectively. There were no changes in the Group's approach to capital management as of December 31, 2025.

(u) Investing and financing activities not affecting current cash flow

The Group's investing and financing activities which did not affect the current cash flow in the years ended December 31, 2025 and 2024, were as follows:

(i) For acquisition of right-of-use asset from lease, please refer to notes 6(g) and (j).

(ii) Reconciliation of liabilities arising from financing activities was as follows:

	January 1, 2025	Acquisition	Cash flows	Non-cash changes	December 31, 2025
Lease liabilities	\$ 47,774	1,570	(16,615)	5	32,734
Guarantee deposits	800	-	-	-	800
Total liabilities from financing activities	<u>\$ 48,574</u>	<u>1,570</u>	<u>(16,615)</u>	<u>5</u>	<u>33,534</u>

	January 1, 2024	Acquisition	Cash flows	Non-cash changes	December 31, 2024

(14) Segment information:

(a) General information

For the purpose of resource allocation and performance measurement, the Group separates the operating segments according to the customers' geographical locations and conditions. The Group regularly monitors and manages every segment's operating results through operating decision makers. The operating segments of Business Unit 1, Business Unit 2, and Business Unit 3 are the reportable segments, whose revenues mainly come from CAD, designing, valuable and multiple CAD integration and consulting services.

Since the operating segments supply different kinds of products and services, and the sales units will differ in their product categories and marketing strategies, the operating segments are managed separately.

(b) Reportable segments' profit or loss, segment assets and their measurement and reconciliation

Income tax and extraordinary profits and losses are not allocated to the Group's reportable segments, and the amounts for the reported segments are identical with those in the report used by the chief operating decision maker.

The accounting policies of the operating segments are the same as those described in note 4 and the Group assessed the performance of the segments based on the segments' income before income taxes (excluding extraordinary profit or loss and exchange gains or losses). Sales and transfers between segments are deemed to be transactions with third parties and are measured by using the market price.

The Group's segment financial information was as follows:

	2025				
	Business Unit 1	Business Unit 2	Business Unit 3	Reconciliation and write-off	Total
External revenues	\$ 2,291,800	89,945	51,670	-	2,433,415
Intra-group revenue	43,042	16,818	14,257	(74,117)	-
Total segment revenue	<u>\$ 2,334,842</u>	<u>106,763</u>	<u>65,927</u>	<u>(74,117)</u>	<u>2,433,415</u>
Reportable segment	<u>\$ 288,443</u>	<u>6,399</u>	<u>5,252</u>	<u>-</u>	300,094
profit and loss					
Non-operating income					1,516
and expenses					
Profit before tax					<u>\$ 301,610</u>
